Beth,

The Trace Detection Laboratory at TSL has completed an evaluation of a verification trap for the Itemiser DX Explosive Trace Detector, provided by DSA Detection. This product is provided in two different package sizes. Items evaluated:

<u>DSA Part #</u>	<u>Description</u>
VT1337	Verification Trap, 25 ct.
VT1336	Verification Trap, 100 ct.

The test results reveal no significant differences between this DSA product and the equivalent OEM product.

A handwritten signature in cursive script that reads "Sheldon Brunk".
