Contracting Officer
Mission Essentials Acquisition Division
Transportation Security Administration

Stacey,

The Trace Detection Laboratory at TSL has completed an evaluation of verification materials for use with the L3 QS-B220 Explosive Trace Detector, provided by DSA Detection, North Andover, MA. Items evaluated:

<u>DSA Part #</u>	<u>Description</u>
BSA1030	Verification Sample A (Negative).
VT1272	Dual Mode Verification Swab (A Negative and B Positive)

These verification materials have been evaluated for performance and suitability on the L3 QS-B220 ETD and are approved substitutes for the OEM products.

A handwritten signature in dark ink that reads "Sheldon Brunk".
